WORK EXPERIENCE

[visit LinkedIn for more](#)

Full-Stack Developer

Om Sai Industries - Digital Manufacturing Platform

Jan, 2026 - Apr, 2026

- Built production-ready digital platform for textile manufacturing industry using MERN stack, digitizing product catalog, order management, and inventory tracking.
- Reduced order processing time by 70% through automated stock management, real-time admin notifications, and email automation.
- Integrated Cloudinary (image optimization), Nodemailer (email automation), and [Socket.IO](#) (real-time tracking) for complete business solution.
- Successful delivery led to client commitment for upcoming plastic manufacturing industry digital platform.

Software Development Intern

Sunanda Infotech Pvt. Ltd.

Jun, 2022 - Aug, 2024

- Built 5+ responsive web modules for internal application used by 50+ daily users, improving departmental workflow efficiency.
- Optimized frontend performance reducing page load time by 35% and created reusable component library cutting development time by 40%.
- Collaborated with backend team to integrate MySQL database, ensuring zero data inconsistency across all modules.

President, SPARK Club

Shri Guru Gobind Singji Institute of Engineering And Technology , Nanded

Aug, 2025 - Apr, 2026

- Selected as President among 200+ students in the department; leading core team organizing coding contests, workshops, and seminars.
- Led teams in multiple hackathons; recognized for problem-solving and team coordination by faculty and peers.
- Mentoring juniors on DSA, project building, and career growth; fostering a culture of technical excellence.

PROJECTS

[visit for more](#)

DocuGen

[source code](#)

August 2025 - Present

- Developed DocuGen, an all-in-one document management system enabling invoice generation, PDF conversion, OCR-based text extraction, and cloud storage integration.
- Built using React, Node.js, MongoDB, and Google Drive API to automate workflows and improve efficiency.

Career Path Predictor for Students

[source code](#)

February 2025 - April 2025

- Built multi-model classifier (SVM, Decision Tree, Random Forest) achieving 90%+ accuracy (Random Forest: 93.5%, F1-score:0.92).
- Engineered 15+ features from academic, technical, aptitude data on 5,000+ records; handled 30% missing values via preprocessing pipelines.
- Built Streamlit web interface with ensemble voting for final recommendations.
- Received faculty appreciation at institute-level project showcase.

EDUCATION

B. Tech	Shri Guru Gobind Singhji Institute Of Engineering And Technology , Nanded	08.80 CGPA	2024-27
Diploma	SNJB's Shree Hiralal Hastimal Jain Brothers Polytechnic , Chandwad	96.71%	2021-24

TECHNICAL SKILLS

Languages: Java, JavaScript

Web: React.js, Node.js, Express.js, REST APIs, Tailwind CSS, Streamlit

Databases: MySQL, MongoDB, Mongoose

ML & AI: Scikit-learn, Pandas, NumPy, SVM, Random Forest, Tesseract OCR, OpenAI GPT-4

Tools: Git, GitHub, VS Code, Google Colab, Jupyter Notebook, MATLAB

SOFT SKILLS

Leadership & Communication

Stakeholder Management & Collaboration

Problem-Solving & Critical Thinking

Roadmap Planning

Time Management

Decision-Making

CERTIFICATIONS

Certification of AI Tools	B10X	2025
Certification of Generative AI	Microsoft - LinkedIn	2025
Generative of 5G Security Bootcamp	IIT Hyderabad	2026

ACHIEVEMENTS

Top Performer: College Rank 1 in Diploma (96.71%) – Category Rank 11, General Rank 426 in Maharashtra

Top Coder: 1000+ DSA problems solved — LeetCode Rating: 1675 — Recognized with Top 2% Coding profile in college

Leadership: Selected as President among 200+ students — Led teams in multiple hackathons
